Ms Keen Special Education K-3

Educational Background-

I graduated from WGU in December 2017 with Certifications in Elementary Education and Special Education. I began my career with SLPS during the 2017-2018 school year as a Building Substitute at Dewey International Studies Elementary School. In 2018, I began teaching Special Education at Lexington Elementary. I'm proud to be a Lexington Lion and can't wait to see how much we learn and grow this year.
