

## ALL ABOUT

# Mrs. Dauphin

This is my fourth consecutive year teaching Kindergarten here at CJA but my 9<sup>th</sup> year total working in education. I have a love for teaching that I truly hope I never lose. Kindergarten was my dream job, and I feel so blessed to be coming back for year four!

I have two boys of my own at home. Henry is in fourth grade this year and Jack is in sixth. They both keep us very busy! This summer we moved into our 'forever' home (finally!) and after a month of settling in, it feels good to be getting back into a routine. I'm so excited for this year and look forward to sharing it with your children! Please never hesitate to reach out via e-mail, text, or phone call if you need anything or just want to check in on your kiddo. Thank you for trusting me with your child's education. Cheers to a great year!
