Woodward Parents & Guardians

In accordance with Federal law Every Student Succeed Act which requires all public elementary and secondary teachers employed by the LEA who teach a core academic subject (English, reading or language arts, mathematics, science, foreign languages, the arts and social studies) be “highly qualified teachers as those with at least a bachelor’s degree, full state certification in the subject area and grade level in which they teach, and documentation of content expertise.

In accordance with the Parents Right to Know area of the ESSA we must contact each of our students’ parent or guardian if they are in a classroom being instructed by a non-highly qualified instructor for four consecutive weeks.

At this present time all of Woodward Elementary instructors and classroom teachers meet this requirement. If this should change you will be notify by letter in total compliance of the ESSA Law.

We will continue to work diligently to meet all of the Title One requirements on a daily basis and provide our best efforts to reach academic success for every student.
