

I value Family and Education when it concerns Woodward students.

As the Family Community Specialist, I will work hard to keep the line of communication between the parents and school staff to ensure that we are working together to accomplish one common goal and that is the success of each student.

***Respectful, responsible and safe*** is what I strive to do to set an example, to show the students that these three objectives will help you not only here at school but through life outside of school.

### **Be Respectful**

- Use a quiet voice
- Raise your hand and wait your turn to speak
- Listen to all instructions and directions

### **Be Responsible**

- Complete all assigned tasks
- Come to class on time
- Be prepared (have all necessary materials)

### **Be Safe**

- Keep your hands and feet to self at all times
- While seated, keep 2 feet and 4 legs on the floor
- Walk at all times
