

Ms. Dillman's Third Grade

Week of April 6-10, 2020

Hello All! Remote learning is new for all of us. I want you to know that this class is a strong group, and we will make it through this time. Above all, stay safe and healthy, and we can all just do our best.

Below is a schedule you could follow to help you add some routine to your day! This follows closely with our normal school day. In no way do you need to follow this, it is just a guide.

9-10	Writing
10-11	Crafts, Play Outside, Sing and Dance
11-12	Math Practice
12-1	Eat Lunch/"Recess"
1-2	Read

This week you will need to complete the following assignments. They will be due by Friday (April 10).

***How to access each resource is below the assignments. Please do not hesitate to message me if you are having a difficult time accessing those resources.

Reading/Writing:

- Readworks.org Article and Questions I have assigned the article "Playing With Your Health". I can see when students read and complete the questions online. They just need to submit the answers.
- Writing Prompt with Class DOJO. The assignment will be labeled writing prompt, and student will need to follow the directions to complete the writing.

- This weeks writing prompt is: How can you stay active and healthy at home?
- Reading Log on Class DOJO. Ideally, I would love for everyone to be reading about 15-30 minutes a day. This can be magazines, books, Epic, newspapers, etc. On Class DOJO, I will have another assignment where students should write about something they read that week.
 - Write about one character/person in a book you have read this week.

Math:

- Khan Academy- I will assign the students a lesson to complete through out the week on Khan Academy. This lesson will be on Time.
- IXL-Students should practice on IXL the Time sections. Time is located under the T Section. I can see when the students are completing sections throughout the week. I am requiring 30 minutes of practice this week.
- Math Question on Class DOJO- I will have one assignment in Class DOJO where students can show their work to a time question for the week. Students will need to take a photo of how they came up with the answer and post it to their DOJO portfolio.

Social Studies:

- Students can explore this map of the United States:
<https://geology.com/world/the-united-states-of-america-satellite-image.shtml>
- IXL: Students can practice identifying where states are on the map. In IXL, switch to Social Studies and students can explore the A (Geography) and B (States) section of Social Studies. 30 minutes of practice is required this week.

How to Reach Me:

If you have any questions, I will have “office hours” from 9-11 each day. During those hours I will be able to respond right away. You are also welcome to contact me at any other time, and I will get back to you as soon as possible. You can reach me through:

- Class DOJO
- Email: Brice.dillman@slps.org

Information for Resources:

- ReadWorks
 - Go to Readworks.org
 - Click Student Log In.
 - Type in the class code which is: 37NMPY
 - Students will click on their name, and their password is their first name capitalized. (Please let me know if this does not work for you)
 - Go to assignments, and students should read the article and submit their answers to the questions. Remind them on the typing part to use complete sentences.
- Epic
 - Go to get epic.com
 - Type in the class code which is: yad2748.
 - Make sure students are reading from their account.
- Khan Academy
 - Go to khan academy.org
 - Enter the class code: CM2K2KSV
 - Log in using the username and password I sent out to you via DOJO messages.
 - Click assignments and follow prompts to finish those assignments for the week.
- IXL
 - Go to IXL.com or download the IXL app.

- Log in to you're account using the username and password I sent to you via messages.
- Explore the different subjects, specifically Math and Social Studies.
