

Virtual Learning While in Quarantine:

1. Log into Microsoft Teams

2. Go to the Miss Rull Fourth Grade (21-22).
3. Click on the Virtual Learning (for quarantine) channel located on the left side of our Teams page.
4. Go to the Files button in the top middle of your iPad.
5. Click on the Instructional Videos  folder.
6. Click on the folder that has the dates of the school days you have missed.
7. Watch the videos in that folder.
8. Complete assignments that are posted in the Virtual Learning (for quarantine) channel.
9. Check this page daily for posts that contain directions, assignments, links, and videos.

If our entire class or the majority has to quarantine, we will do meetings on Teams for instruction.

If it is just a few students in quarantine, follow the directions above.

If only Miss Rull has to quarantine, students will still go to school and Miss Rull will teach through a Teams meeting on the SMARTBoard, if she is feeling well enough.

If you have any questions while in quarantine, comment on a post in the Virtual Learning (for quarantine) channel or have parents and guardians contact me on Class Dojo or email me at grace.rull@slps.org.
