Internet Guide

Wi-Fi is an internet connection. A *hotspot* is an internet network name and password to access the internet.

| Directions	Prompts
1: Begin on the home screen. Use your finger and swipe screen to the right to go to the home screen.	
2: Tap settings icon to open.	
3: Tap Wi-Fi to open internet settings.	Airplane Mode Wi-Fi — Off › Bluetooth — On › Cellular — ›
4: Tap the button on right to turn Wi-Fi on.	‹ Settings — Wi-Fi Wi-Fi — ⟶
5.Click on Wi-F name under networks. If the Wi-Fi network name does not appear, add name under "other."	NETWORKS Other... Ask to Join Networks — Ask › Known networks will be joined automatically. If no known networks are available, you will be asked before joining a new network.
6. Enter Wi-Fi password and click join in top right corner.	Cancel — Enter Password — Join Password You can also access this Wi-Fi network by bringing your iPhone near any iPhone, iPad, or Mac which has connected to this network and has you in their contacts.
7. Go back to the home screen. Check for the internet in the top right corner. The Wi-Fi connection looks like 3 bars in a triangle.	9:41

If you do not have access to the internet please reach out to an educator from your child's school.
