From the Desk of Dr. Melissa Nash

Dear Parent/Guardian,

I am writing to let you know that your child has been selected to have a Teacher/Staff Mentor this 2020-2021 academic school year. This is great news! Your scholar has been chosen because we believe that s/he will be able to take advantage of having a mentor right here at the school-based level.

The role of your child's **TASH** (*Teacher Advocate Seeing Hope*) Mentor is to:

- Greet your child at least two times a week both formally and informally during school hours to develop on-going aims and objectives...targeting preventative methods and intervention strategies.
- Recognize your child through positive reinforcements when s/he has satisfactory and improved academics/attendance/behaviors using SIR (Student Information Report) data collection.
- Check in with your child and your family periodically twice per calendar month.
- Connect your child to the school and to resources to help actively engage your child as well as to provide support as needed for your child's family.

Your child's assigned advocate will contact you within the next few days to get confirmation/support, acquainted and to answer any follow-up questions that you may have. We look forward to working with you as a team with your scholar's overall success/achievement gaps as our primary goal:

- Satisfactory in each core subject/related arts area
- 90/90 attendance baseline
- Mental/physical wellness, scholarly conduct, and well-functioning/collaborative relationships

Sincerely,

Dr. Melissa Nash, *TASH Coordinator*
