SPECIAL ADMINISTRATIVE BOARD OF THE TRANSITIONAL SCHOOL

DISTRICT OF THE CITY OF ST. LOUIS

Purchasing Department

801 North 11th Street

Saint Louis, Missouri 63101

RFP 011-1819 Interactive Flat Panels Purchase and Installation

ADDENDUM 1: Questions and Answers

1. **For the Non-interactive displays, is the District looking for TV's, or just displays with no tuner?** **Answer:** The non-interactive displays (NID) should not be equipped with tuners

2. **What size is the District looking at for the non-interactive displays? Answer:** See page 17 of the RFP re: minimum size

3. **What is the non-interactive display function/purpose? Answer:** To provide the ability to display what is on a teacher desktop and/or laptop with a vendor supplied cable(s)

4. **Are the projectors replacing older ones? (existing mounts? Screens?) Answer:** The intention is to provide a preferred vendor for projectors to be used in the classroom on a piece of furniture. Additionally, it could replace an existing mounted projector in a classroom.

5. **Provide the Make and Models of the interactive flat panels preferred for both SMART and Promethean**. **Answer:** The District has released a RFP for this specific product. We cannot be hardware specific in these RFPs.

6. **Provide the Quantities of Each. Answer:** The District and individual buildings have the ability to purchase from this RFP at an unknown quantity.

7. **Give the Number of locations where flat panels will be installed and the quantities per location.** Answer: The District and individual buildings will determine the location and quantity as orders are placed. That information is unknown at this time.

8. **Will we be installing all at once, or will we be installing a few at a time? Details please**. **Answer:** The District and individual buildings will determine the installation timeline as orders are placed. That information is unknown at this time.

9. **Provide details of the surface / wall construction where flat panels will be installed**. **Answer:** Cinderblock, concrete and/or drywall. Possibly, this could include installing over a preexisting slate chalkboard and/or porcelain whiteboard.

10. **What is the Nature of the training required – Technical or Professional Learning**? **Answer:** Depending on the audience, it could entail software training or technical expertise knowledge from District technicians.

11. **Give the number of trainees per 6-hour session**. **Answer:** Varies – depending on the concept and/or needs. A maximum of 20 would be expected.

END OF ADDENDUM 1.
