ADDENDUM NO. 3 QUESTIONS AND ANSWERS

RFP 032-1617 District-Wide, Inspection, Testing and Cleaning Fire Alarm Systems

1. Can you provide a count and verify the locations for the number of fire dampers? Do you want them tested?
Answer: Addendum # 2 was posted requesting per unit cost for fire dampers
2. Are the heat and duct detectors to be tested and included in the count? **Answer: Addendum # 2 was posted requesting per unit cost for heat and duct detectors.**
3. There are different systems and panels, is one company providing services for the central station for the school district? **Answer: Yes**
4. When inspecting and if we find something defective, are we to notify you and who's responsible for the replacements/repairs? **Answer: The District**
5. Who does the monitoring? **Answer: Advance Security**
6. Who does the inspections?: **Answer: Cintas**
7. When would we be able to complete testing? **Answer: Testing can't impact classroom instruction. Testing can be completed after hours, spring break, winter break, in the summer.**
8. Does testing have to be completed after hours during the summer? **Answer: No.**
9. How long is the school break in the summer? **Answer: 2-1/2 months**

10. The RFP references licenses and certifications, are there specific manufacturer certifications you're looking for?

Answer: None specific.
