

# Art Stars!

This is how we reflect on our choices and behavior during art class. Students are supported and expected to follow the below guidelines. Students **will earn a Dojo point** for following STAR behavior expectations each class period. They will also **have a chance at winning the weekly related arts star reward** announced each Friday.

	<p><b>Stayed in my space.</b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Did I stay in my work area?</li><li><input type="checkbox"/> Did I respect other's spaces?</li><li><input type="checkbox"/> Did I keep my hands and body to myself?</li></ul>
	<p><b>Talking level was appropriate.</b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Did I stay quiet and listen when other people were speaking?</li><li><input type="checkbox"/> Did I lower my voice level when it was time to be calm and focus?</li></ul>
	<p><b>Aimed to do my best. Aimed to do what was right.</b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Did I try to do my art?</li><li><input type="checkbox"/> Did I try to make a helpful choice if there was a problem with a classmate?</li></ul>
	<p><b>Respected myself, my classmates, and my art supplies.</b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Did I take care of myself by doing my work, asking for help, or taking a break if I was feeling angry?</li><li><input type="checkbox"/> Did I respect other artists by keeping my hands to myself, using helpful words, or trying to solve a problem with my words?</li><li><input type="checkbox"/> Did I take care of my art supplies? Did I put them away properly?</li></ul>

## Consequences

If a student is not following behavior expectations, the following steps will be taken to ensure the student can be successful in art class:

1. Verbal redirection or reminder.
2. Second verbal redirection or reminder.
3. 1 on 1 talk with the teacher to get back on track.
4. Loss of Dojo point and take a break in a calming space in the classroom.
5. Parent contact.
6. Administrative intervention.
