

Algebra 150 Syllabus

Welcome back! For at least the next month you will be doing all your school from home. In my class we reached the last unit before spring break. Over the next month we will continue to learn about quadratics. and the next section you will see a tentative schedule to finish unit 7. Over the next month that you will have two types of grades for each section that we cover. The first grade will come from notes. I will be uploading videos for that unit And I expect you to take notes and follow along. you will take a picture at the end of the video and send that to me. the second grade will come from practice which will be a worksheet that you should be able to complete on the iPads/computer. If you have any questions of the expectations where questions of the material I will be posting office hours to which you can contact me via teams. You are expected to work on math two to three times a week for an hour and 30 minutes each just like you were in school.

Tentative schedule:

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
			1	2	3	4
5	6	7	8	9	10	11
	Review		Vertex form		Solving by factoring	
12	13	14	15	16	17	18
	Making equations from the roots		Quadratic formula			
19	20	21	22	23	24	25
	Square root method		Word problems		Word problems	
26	27	28	29	30		
	Transformations		Completing the square			

Turning in work:

you will be expected to turn in work every Monday, Wednesday and every other Friday just like school. for your notes you will take a picture of your handwritten notes and send

it to my email or on teams. the homework pages I provide are expected to be done and turned into me the next "class day".

Contact information:

if you need to reach me please use my district email.
