

SLPS Summer Recommendations for Families

Ongoing

LEARNING TOPIC(S)

Free Virtual Summer Camp

These are just some of the activities you can find on Wide Open School to keep kids active and learning all summer long:

- Virtual field trips to remarkable places like the Canadian tundra with Discovery Education.
- Custom workouts from basketball players like the Detroit Pistons' Langston Galloway with the Jr. NBA.
- Civic engagement activities, like building a presidential campaign to "Win the White House" with iCivics.

Please access the following links for a complete list of resources, activities, and trainings:

- Pre-K – Grade 5: <https://wideopenschool.org/programs/family/prek-5/daily-schedule/>
- Grades 6-12: <https://wideopenschool.org/programs/family/6-12/daily-schedule/>

PROFESSION LEARNING TOPIC(S)

Reimagining Schools During COVID Feature

The outbreak of the novel Coronavirus (COVID-19) has resulted in disruptions in virtually all aspects of human life, as well as tragic losses of lives in many families around the globe. It has broken rhythms and routines, shattered patterns and norms, and exposed the best and worst of humanity and human institutions. The challenges and difficulties are sources of motivation for creativity and entrepreneurial thinking.

It is with this spirit that globalization and education expert Yong Zhao will discuss how education, not schooling, can be reimagined. In this talk, he will discuss how education can and should be more personalizable for all children so that each and every child can become uniquely great. Zhao will also discuss how unique greatness becomes most valuable in the 4th Industrial Revolution.
