# Internet Guide

***Wi-Fi is an internet connection.*** A ***hotspot*** is an internet network name and password to access the internet.

| Directions | Prompts |
|---|---|
| 1: Begin on the home screen. Use your finger and swipe screen to the right to go to the home screen. | |
| 2: Tap settings icon to open. | |
| 3: Tap Wi-Fi to open internet settings. |  |
| 4: Tap the button on right to turn Wi-Fi on. |  |
| 5.Click on Wi-Fi name under networks. If the Wi-Fi network name does not appear, add name under "other." |  |
| 6. Enter Wi-Fi password and click join in top right corner. |  |
| 7. Go back to the home screen. Check for the internet in the top right corner. The Wi-Fi connection looks like 3 bars in a triangle. | |

If you do not have access to the internet please reach out to GatewayMiddleParentHelp@slps.org or one of your teachers.
