Meet the TEACHER

Mrs. Oliver

I am excited to join the Mallinckrodt community this year as a third grade teacher! I have been teaching for seven years. Previously, I taught first grade and kindergarten in two St. Louis area charter schools. I have a BS in Elementary and Early Childhood from Fontbonne University. Currently, I am working on my MA in Reading from Webster University and will be enrolling at Lindenwood University to start on my Gifted Education certification in 2021. For me as a teacher, the single most important aspect of teaching is utilizing multiple intelligences and giving students the chance to learn in different ways and find their own strengths and weaknesses.

Outside of the classroom, I enjoy exploring nature, dance parties with my husband Travis and my daughter Isadora, taking our VW bus for a cruise, reading, and snuggling and playing with our two dogs; Cash and Luna, and our cat Loki.

I am looking forward to this school year and am ready to embrace the wild and wonderful experience of virtual teaching with my awesome third graders!
