Comparing and contrasting can be used in many different school subjects, and you will often use a Venn Diagram (like the one below) to show your work. Complete the chart below to reflect a little bit on your experience with virtual learning so far.</p> <div style="text-align: center;"> <p><b>WHAT I LIKE ABOUT:</b></p>  </div>	<p>Rachel Carson was a famous American environmentalist who helped to found the Environmental Protection Agency.</p> <p><a href="#">Click here</a> to watch an introduction to her life and work.</p> 	<p>Although most waste on earth is produced by large industries, individual households and people can help to lower the amount of trash that goes to landfills by practicing the 3R's: reduce, reuse, and recycle.</p> <p>Have you ever practiced the 3R's? Does your family? As a young person, it can be very impactful to discuss issues like this with older members of your family and community. Try asking them one of these questions:</p> <ul style="list-style-type: none"> <li>• <b>Were you taught about the 3R's when you were younger?</b></li> <li>• <b>How do you reduce or reuse things around the house? How did your parents or grandparents do this?</b></li> <li>• <b>Do you know how to repair things around the house? Who taught you this? Why do you do it- for fun, to save money, for the environment, or some other reason?</b></li> </ul> <p>Bonus: Can you discuss in your home language?</p> 	<p>Homophones are words that sound alike but have different spellings and different meanings.
