

ESOL Choice Board for Grades 9-12

Monday	Tuesday	Wednesday	Thursday	Friday
Do some research on a visual artist from your home culture. For example, you might go to Google Images and type in "Paintings by Mexican Artists." Find one work by the artist you choose that you really love and share it with friends on social media. Caption your post in English and your home language.	Click here to watch student-friendly news on CNN. If you have any questions about the stories you see, speak with a teacher, family member, or trusted community member. 	Read a news article or chapter in a book and draw a comic strip to show what happened in that article or chapter. Bring the text to life with images and captions- can you write your captions in English and your home language? Click here for printable comic strip templates. 	Design a monument that you would put in front of your school. Sketch the monument and describe it- what does it commemorate? Share your monument with your social studies teacher. Click here for some examples of monuments around the world. 	Take a mindful moment! Identify five things around you that you can see, four textures around that you can touch, three sounds you can hear, two scents you can smell, and one food/drink around that you can taste.
