

Pre-k Choice Board

Listening

[Click here](#) to take a field trip to the Emerald Hills Animal Hospital with Miss Penny and the KidVision Kids. Listen closely to tell what happens at an animal hospital. Tell a grown up in your life what you learned.

What happens at the Animal Hospital? "First, a client will bring their pet and sign them in at the reception desk. Then the pet gets a check up, and an x-ray. An x-ray is a picture the vet takes to look inside the animal to make sure they are okay. At the end of the appointment the pet goes home."

Listening

[Click here](#) to meet author and illustrator Christian Robinson and listen to, You Matter. What was the author's message? Why did he write the book, You Matter?

What was the author's message? Why did he write the book, You Matter? "The author wrote the book, You Matter, because not everyone is told that they matter. He wanted to show everyone that they matter."

Speaking

[Click here](#) to go on an adventure with Molly and learn about all of the animals that live in Alaska. Click on Marsh, River, Fjord, and Forest to learn about the places and animals that live in those places. Where does the bald eagle live? Tell an adult in your life about what you learned.

"I clicked on all of the different places and learned about many of the animals. I clicked on Fjord to learn about Bald eagles. I learned that Baled eagles look for food along the coast. I learned that moose live in the Marsh. I learned that Moose are herbivores and only eat plants."

Speaking

[Click here](#) to make a Mosaic. Mosaics are beautiful pictures made from colorful tiles of different shapes and sizes. Create a mosaic and tell your family and friends all about it.

"I used pencils, markers, scissors, and glue to create my mosaic piece. I cut the pieces into small squares and then glued them down on a large piece of paper. I created a red heart with a blue background."
