August 2020

Meet Your School Nurse

Welcome to the 2020-2021 school year! I am pleased to return to Lexington Elementary Academy as your school nurse for the fourth year in a row! I work for St. Louis Children’s Hospital in the Healthy Kids Healthy Minds Program. We started this partnership with SLPS in 2017 and I am BACK to help you ALL.

A Little About ME

I have been a Registered Nurse for a little over five years now. My experience ranges from pediatric nursing to Labor and Delivery. I have a strong passion for community health and I was born and raised in North St. Louis. Nursing was once my world but I have the pleasure of now being someone’s mother as well. (See broke best friend below) While my passion is in advocating for Black mothers and Babies as a doula I couldn't leave my favorite group of kids at Lexington. I’m HOME!

“My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humor, and some style.”

- Maya Angelou

What can you call Me?

- Nurse Kirsten
- Nurse Wilford
- Ms. Wilford
