**Parents and Guardians,

Parents and Guardians,

It is hard to believe that spring break has passed! It won't be long before Memorial Day is here and the summer months are upon us! I wanted to give some updates and reminders as we prepare for the final two months.

MAP testing will be administered to students in grades 3-6 from April 19th- May 21st. We will be sending home instructions for procedures to ensure all students are tested.

Summer School application is open and ready. Please sign students up so all can get some extra practice to prepare them for next year.

We also are preparing for ways to celebrate our fantastic students. While this year has been like no other, we still want to have some fun to close out the year. Information will be coming in the near future that will give information on that.

We can see the finish line. With hope for some normalcy next year, I appreciate all that it took to make this year possible. Thank you for all you do.
