

# **Stix Early Childhood Center**

**Parent Involvement Plan 2020 - 2021**

## **Nurturing Young Learners**

### **Strategies For Involvement**

**Stix Early Childhood Center believes that parental support is necessary in order to help our students reach their educational goals. Please know that the following is available to assist with that process:**

- Resources to provide information and tools to assist parents and supply family needs
- A Stix ECC Family Handbook that includes important school information, contact phone numbers, schedules, expectations, policies and more
- Monthly written communications and calendars to update parents/guardians about upcoming meetings, educational programs and events
- Letters from the principal, secretary, teachers, nurse and other specialists about educational changes, opportunities and/or requirements
- Meetings to educate and provide parents/guardians with Title I information and requirements (Title I Parent's right To Know, ESSA Complaint Procedures, SLPS Policy P1230, Parent Information and Resource Center (PIRC), etc.

## **Shared Responsibilities For High Student Achievement**

### **Stix ECC will...**

- Develop and make available a compact that lists the responsibilities of its staff, parents and students
- Expect parents to support the learning process by making sure that their children attend school as scheduled, assisting their child/children with their homework and reminding students to follow and abide by class and school rules
- Communicate with parents through phone calls, scheduled consultations, school or home visits and during after-school educational activities

## **Expanding Opportunity For Parental Involvement**

### **Stix ECC provides:**

- Parents/guardians volunteer opportunities in the child's classroom, throughout the school and/or on fieldtrips
- Opportunities for parents to meet with other parents and become active participants in the school's PTO
- Activities that the entire family can participate in and enjoy!

If you need assistance, have suggestions or need additional information, please contact our Family and Community Specialist, at 314.533.0874.
