CELL PHONE USAGE POLICY

Technology is a powerful tool for learning. Laptops have been distributed and students should bring them fully charged for daily use. Cell phones may be used in lieu of a camera for photography projects only in this class. Students will receive instructions for photography and uploads to platforms on laptops.

HOWEVER, other uses of a cell phone are a distraction for all participants. Scrolling social media, watching you tube or movies, playing games, texting friends or taking phone calls are PROHIBITED.

Therefore, the TEACHER will determine any and all instructional applications where a phone may be used (such as photography, laptop failure, Quizlet vocabulary games).

Any use of a cell phone outside of these types of specific circumstance with teacher permission, will be addressed as a disciplinary issue. The first two weeks of school are considered the warning period. After, violations will be discussed with a parent/guardian. Lastly, lack of compliance will result in use administrative referral.

ACADEMIC INTEGRITY

Plagiarism, or taking credit for someone else's work, is a serious academic offense. In some cases, it may even be a violation of copyright laws and, thus, a crime. Students must work to avoid unintentional plagiarism by citing sources and writing using their own words and phrasing. Only in this way can they truly learn by completing their own assignments. Intentional plagiarism is turning in a paper or project largely or entirely written or created by someone else and claiming it as your own work and is the most serious form of plagiarism.

PLAGIARIZED WORK, WHETHER UNINTENTIONAL OR INTENTIONAL, WILL NOT BE ACCEPTED.

Semester Grade Policy:

Grading Policy: Students will follow the grading scale issued by the district which is as follows:

<u>Grade</u>	<u>Grading Scale</u>
A	100 – 90
B	89 – 80
C	79 – 70
D	69 – 60
