Summer 2025

What Have We Been Up To?

This summer, Chartwells has been proud to serve and support the St. Louis community in many ways. We grieve alongside the families affected by the May tornado, which is why we provided meals at multiple sites throughout the city to help those in need. We served students during summer school and provided meals for a week-long freshman orientation to welcome new high schoolers. Behind the scenes, our dedicated cafeteria staff participated in training to prepare for the year ahead, ensuring we're ready to serve up happy and healthy. We were thrilled to feed more than 1,000 people at the Back to School Expo and to share healthy snacks during school open houses—because fueling students and families is at the heart of what we do.

Global Eats

During summer school in June, our Global Eats program spotlighted the vibrant flavors of Mexico. Students enjoyed fresh mango paired with their choice of chamoy or tajín—a fun, flavorful treat that was a big hit. It was a delicious way to explore global cuisine right in our cafeterias.
