Kids get sick. Accidents happen. Life is hectic.

Hazel Health and Saint Louis Public Schools have partnered to provide same day, urgent care visits at school or at home so students can get back to the classroom more quickly.

Hazel is an optional service that is offered at no cost to SLPS students. Hazel offers on-demand virtual care, including over-the-counter medications, care coordination with your family doctor, and communication with your child's school.

Hazel can treat:
