

## **Topic(s) covered (Week of 4/06)**

This week we are working on building our **virtual learning community** and **High Frequency Vocab** -- the most commonly used words or phrases in the language, which are like building blocks for communication.

Standards addressed are **ACTFL 1.2 Interpretive Communication: Learners understand, interpret, and analyze what is heard, read, or viewed on a variety of topics.**

**ACTFL Can Do Statement: Communication** --- *I can communicate in spontaneous spoken, written, or signed conversations on both very familiar and everyday topics, using a variety of practiced or memorized words, phrases, simple sentences, and questions.*

### **The assignments for this week are as follows:**

1. **Read** the virtual learning syllabus (on Microsoft Teams).
2. Take **Comprehension Quiz** (on Microsoft Teams).
3. **Practice vocab** on Quizlet. Do at least **3** of the activities, and send me a screenshot of you having completed it (do not crop out time, I am using this to verify it is YOUR work). For activities with a score, please redo them until you get at least **90/100**.
4. **Create a video response** to my FlipGrid video (linked on Microsoft Teams).
5. Complete **1** of the **Free Choice Activities** and upload/email proof of completion.

### **Reminders:**
