Position Summary:

The Maintenance Assistant Manager will be primarily responsible for the operation and maintenance of all heating and cooling systems for a multi-site school district creating a safe, functional, and welcoming school environment. This includes managing employees, implementing, and monitoring preventive maintenance schedules, prioritizing, and scheduling work, training, and inspections. This is a hands-on position that will require knowledge of crafts and trades along with other maintenance equipment. The manager will be expected to meet operating and financial goals, customer needs, and be responsible for staffing, scheduling, training, and developing management and hourly employees. This position may require working off-shift hours.

Essential Functions:

- Overall responsibility for staffing, scheduling, training, performance management and development of HVAC technicians and stationary engineers
- Responsible for using the work order system to log, prioritize and manage work order volume and execution
- Provide hands on support in resolving complex issues and determining long term solutions that positively impact the overall school environment
- Enter into and manage contracts for supplies, equipment, contractors, etc. as needed to perform work
- Oversee contractors as needed for preventative maintenance, repairs and other contracted work as needed
- Regularly meet with principals and other location managers to discuss and resolve building and/or staff issues and needs
- Meet operating and financial goals and school needs
- Performs related duties as required

Knowledge, Skills, and Abilities:

- Excellent communication skills with the ability to manage multiple constituents
- Ability to manage in a diverse environment with focus on client and customer service
- Experience directing skilled, semi-skilled and non-skilled trade personnel
- Ability to oversee capital projects, maintenance plans is strongly desired
- Strong financial analysis, interpretation skills and basic computer skills are necessary
- P&L accountability experience is highly preferred
- Expertise in asset management and extensive safety facility programs
- Able to respond effectively to changing demands and has strong organization and time management skills
- Familiar with MS Office

Experience:

**Board of Education of the City of St. Louis
CAREER OPPORTUNITY**

- Minimum of three years job related experience
- Five or more years of multi-site facility management experience to include technical knowledge of maintenance equipment, boilers chillers, etc.
- Multi-site or K-12 maintenance management experience is highly preferred

Education:

- Bachelor’s Degree in Engineering, Facilities Management, Business, or related degree is (preferred) OR Consideration will be given for experience in lieu of degree

Physical Requirements:

- Standing, walking, sitting, climbing, stooping, or crouching, kneeling, reaching, pushing, grasping, talking, and hearing
- Clarity of vision at 20 feet or more and 20 inches or less, bring objects into sharp focus and see up and down or to the right or left while fixed on a point
- Medium work – exert up to 25 pounds of force continuously and/or over 60 pounds of force frequently to lift, carry, push, pull or otherwise move objects
- Must possess a valid driver’s license
- Must be physically able to operate a motor vehicle

Working Conditions and Environment:

- Maintenance work is performed both indoors and outdoors year round
- Must be able to withstand extreme temperatures as well as potentially hazardous environments
- Must be physically able to wear dust mask/respirator and face protection
