

Home-School Connection

STEAM (Science-Technology-Engineering-Arts-Math)

Shenandoah Tiger Families,

***Thank you so much for being a part of our **STEAM and TREAT** event.
Thank you for partnering/connecting with Shenandoah Elementary School
in the successful educational journey of our students.***

We are proud of our Shenandoah Tiger Families!!

Studies show that a strong connection between home and school benefits children tremendously. Students whose parents/caregivers stay actively involved in their education do better in school and demonstrate a higher attendance rate, better social skills, and an increased graduation rate.

Why is STEAM/STEM important in education?

The whole point of STEAM/STEM is to inspire inquiry and curiosity; to empower students to ask thought-provoking questions that promote creativity and exploration, and to connect their problem-solving to real-world solutions. With STEAM/STEM, no subject, or student is excluded.

We welcome you to explore these **STEAM and STEM** websites.....
