

Hospitality Pathway Features:

Hospitality Management is designed specifically in terms of performance-based objectives to prepare students for entry and mid-level management positions upon graduation from high school. Students enrolled in this vocational program will have the opportunity to integrate the knowledge gained in many of their core academic subjects. Students will gain hands on experience in the classroom through career exploration and job shadowing experiences. To further enhance the educational process when the students become seniors they will participate in a site-based internship program. In this work environment the students will be able to apply the skills gained in the classroom while developing additional skills in a professional work environment. This Career & Technical program works hand in hand with a Student Leadership Organization by the name of "SkillsUSA"

SkillsUSA provides quality education experiences for students in leadership, teamwork, citizenship and character development. It builds and reinforces self-confidence, work attitudes and communications skills. It emphasizes total quality at work—high ethical standards, superior work skills, life-long education, and pride in the dignity of work. SkillsUSA also promotes understanding of the free-enterprise system and involvement in community service. SkillsUSA programs include local, state & national competitions in which students demonstrate occupational and leadership skills.

What is Hospitality Management

Hospitality encompasses the vast industry in the travel/tourism, lodging, recreation, food/beverage and convention/meeting planning business. This program addresses the management skills and knowledge needed in one of the world's fastest growing industries. Students in this program explore classes which focus on management skills, leadership, customer service, guest relations and interpersonal skills. If you are a very personable student who enjoys travel and exploring diverse cultures and an ever-changing career, the Hospitality & Tourism Pathway is the place where you will gain everlasting knowledge.

Professional Characteristics

Careers in the Hospitality Industry can be demanding and stressful at times. In order to successfully compete in the job market, students should possess the following qualities:

- ◆ Communication & interpersonal skills
- ◆ Customer service orientation
- ◆ Computer navigation abilities
- ◆ Reliability
- ◆ Self confidence
- ◆ Ambition
- ◆ Attention to detail
- ◆ Positive and friendly attitude
- ◆ Good grooming

Hospitality Management Mission

Our mission is to provide an exceptional hospitality education and unique experiences for our valuable students. To develop leaders, promote teamwork and stay abreast of new technologies and business trends.

Clyde C. Miller Career Academy Hospitality program strives to graduate culinary artists and hospitality professionals whose work is marked by excellence, and who bring to their professions and the communities of which they are members, the qualities of integrity, social responsibility, the exercise of judgment to new ideas, respect for difference, and enthusiasm for lifelong learning.

Dedication to these pursuits will ensure success and growth opportunities for our hospitality students.
