Greetings Shenandoah Families,

I bring you greetings from the desk of your Family Support Specialist. We have finally made it to the end of the school year. I would like to take this opportunity to thank you for allowing me to serve as your Family Support Specialist. I have enjoyed building relationships while promoting successful parental involvement and family engagement for all. My heartfelt THANKS for your dedication, patience, and the tireless sacrifices you have made this school year on behalf of our staff, students, families, and communities. Thank you for providing Shenandoah Elementary School with the opportunity to educate your child(ren) as we could not have had a successful school year without your continued connection and partnership.

So, as we embrace the summer season, I asked that you continue working with our district and school by reading with your child(ren) for at least 30 minutes a day as well as exploring some of the wonderful events/activities around St. Louis. As students flourish and become the next generation of leaders in today's ever-changing society.....together we promote excellence for all!

Once again, thanks for making the world a better place for our next generation of students, families, staff, and communities. I look forward to building better and stronger relationships in the upcoming 2025-2026 school year. Let's Stay Connected... Please continue to visit our district's website at www.slps.org or our school's website <https://www.slps.org/shenandoah> for updates and a list of helpful resources.

Warm regards,
Ms. Myers
