

Hammurabi's Code

Hammurabi was a brilliant war leader. His armies fought many battles to expand his power. Eventually, he brought all of Mesopotamia into his empire, called the Babylonian Empire, after his capital.

Hammurabi's skills were not limited to the battlefield, though. He was also an able ruler who could govern a huge empire. He oversaw many building and irrigation projects and improved Babylon's tax collection system to help pay for them. He also brought much prosperity through increased trade. Hammurabi, however, is most famous for his code of laws.

Hammurabi's Code was a set of 282 laws that dealt with almost every part of daily life. There were laws on everything from trade, loans, and theft to marriage, injury, and murder. It contained some ideas that

are still found in laws today. Specific crimes brought specific penalties. However, social class did matter. For instance, injuring a rich man brought a greater penalty than injuring a poor man.

Hammurabi's Code was important not only for how thorough it was, but also because it was written down for all to see. People all over the empire could read exactly what was against the law.

Hammurabi ruled for 42 years. During his reign, Babylon became the most important city in Mesopotamia. However, after his death, Babylonian power declined. The kings that followed faced invasions from people Hammurabi had conquered. Before long, the Babylonian Empire came to an end.

HISTORIC DOCUMENT

Hammurabi's Code

The Babylonian ruler Hammurabi is credited with putting together the earliest known written collection of laws. The code set down rules for both criminal and civil law, and informed citizens what was expected of them.

- 196. If a man put out the eye of another man, his eye shall be put out.
- 197. If he break another man's bone, his bone shall be broken.
- 198. If he put out the eye of a freed man, or break the bone of a freed man, he shall pay one gold mina.
- 199. If he put out the eye of a man's slave, or break the bone of a man's slave, he shall pay one-half of its value.
- 221. If a physician heal the broken bone or diseased soft part of a man, the patient shall pay the physician five shekels in money.
- 222. If he were a freed man he shall pay three shekels.
- 223. If he were a slave his owner shall pay the physician two shekels.

—Hammurabi, from the Code of Hammurabi, translated by L. W. King
