

# Art

Tuesday, September 15<sup>th</sup>, 2020

## Agenda (During Class time)

I do:

- Discuss the upcoming project of the Safety Contest and show the poster of the Safety Contest.
- Talk about the upcoming Mid-Quarter Grades that students need to be aware of and the importance of turning in their work.

## Agenda (On your own)

You do:

- This is your workday. If you need any assistance, let me know via Teams through our class.
- Create some sketches of your design for the Safety Contest. I also want you to try using some of the sketch programs on your iPad.
- Turn in your sketches/rough drafts and explain them to me through the forms. (Make sure that you take pictures of your drawings)

- **This is also your opportunity to finish the items that you need to. Make sure your items are completed for Mid-Quarter Grades!!**
- Watch the video on how to create a poster.

Answer the questions that are listed on the forms page that you can access by clicking the picture below. This was due by the end of the class/day yesterday.
