## Agenda (During Class time)

I do:

- Discuss the upcoming project of the Safety Contest, inform students of the new part that is added to the contest, and show the updated flyer of the Safety Contest.
- Talk about the project and asking if there are any questions about it.
- Remind students about the upcoming Mid-Quarter Grades that they need to be aware of and the importance of turning in their work.

We do:

- Go through the different parts and items that can be used for this assignment.

## Agenda (On your own)

You do:

- This is your workday. If you need any assistance, let me know via Teams through our class.
- Create some sketches of your design for the Safety Contest. I also want you to try using some of the sketch programs on your iPad.
- Turn in your sketches/rough drafts and explain them to me through the forms. (Make sure that you take pictures of your drawings)

- Answer the exit questions located on the form linked below.
