

CLEVELAND INSIDER

August 29, 2016

Principal's Message

Our first full week of classes was packed with learning. From learning new skills to learning how to get from one class to the next. It was a week of firsts: first weekly inspection, first class meeting, first test/quiz.

As we are settling into our back-to-school routine, I would like to highlight how important regular school attendance can be. Research shows that missing as few as 2 days per month greatly increases chances that a student does not graduate from school. We discussed the importance of being in school daily with students last week. All Cleveland cadets are required to keep 95% attendance in order to participate in sports, military parades or enjoy a dress down day.

Additionally, if you need to pick your child up from school early, please make sure you stop by the main office and sign him/her out.

Sincerely,

Dr. Victoria Shearing

Helping Kids Get Organized

- ▶ Organization is important for everyone. Talk with your child about how you organize things and how he or she can become organized.
- ▶ Provide materials -- such as an assignment log, notebooks, folders, a calendar, and other tools -- that can get your child organized.
- ▶ When your child is presented with a large task, help them break it into small ones and establish a plan and deadlines for each task.
